Dear Friend of That All May Freely Serve,

Thank you for your support and generosity of That All May Freely Serve. Your kindness and determination to help us grow love and justice for our Queer Community and all the world is inspiring. For many years we have been blessed in our ability to pray together and work together, rising up to the challenges-at-hand and seeing our mission to its completion. It has been a privilege to be part of such an important ministry and journey with you.

The Downtown Church, our founding congregation and fiduciary agent for all these years is returning your recent gift to you. We completed our mission in December 2020 and have finished our work of dissolving the organization. It is for this reason that we return your donation and invite you to redirect it in a way that warms your heart. Be sure that will warm ours, as well.

Our community will continue to be in touch through our website at www.tamfs.org and our Facebook Page www.facebook.com/tamfs. You are invited, as well, to contact me for any reason.

Our extend our continued prayers and appreciation for you, The Downtown Church, and all who have been a part of That All May Freely Serve. We now carry it forward in our hearts together. Just as we always have...

With love,

Ray Bagnuolo
